THE COMMISSION

10% of every training-fee payment. Paid on the 1st.

The rule is the same in every country: when a student you referred pays BrowseJobs for training, 10% of that payment is yours. Students in India pay in rupees, in full or in EMIs — every EMI earns its own 10%. Students outside India pay one fee in US dollars. The placement fee Indian students pay after getting a job is never part of it.

COURSE	STUDENT IN INDIA · ₹			STUDENT OUTSIDE INDIA · USD	
	FEE	YOU EARN	PER EMI	FEE (ONE PAYMENT)	YOU EARN
Forward Deployed Engineer · 3 months	₹75,000	**₹7,500**	**3 × ₹2,500**	USD 900	**USD 90**

ONE STUDENT IN INDIA, THREE EMIS — HOW YOU ARE PAID

01 **Student enrols**
Pays EMI 1 of ₹10,000 to BrowseJobs

02 **1st of next month**
You receive ₹1,000 once EMI 1 clears the refund window

03 **1st of the month after**
EMI 2 paid → you receive ₹1,000

04 **1st of the third month**
EMI 3 paid → you receive ₹1,000 · ₹3,000 in all

WHAT EARNS COMMISSION

- ✓ The training fee, in rupees or US dollars, in full or in EMIs
- ✓ Every EMI separately, as it is paid
- ✓ Students from any country, on any of the four courses
- ✓ No cap on the number of students you refer

WHAT DOES NOT

- ✗ The placement (deployment) fee Indian students pay after a job offer
- ✗ A payment refunded under the student's 30-day money-back guarantee
- ✗ A student who was not referred by you
- ✗ Enrolments won by promising a job or a salary

WHY WE WAIT FOR THE REFUND WINDOW

Every student has a 30-day, any-reason money-back guarantee. Commission on a payment is paid on the 1st of the month after that payment has cleared the window — so a refund never turns into a clawback. **Payout currency:** partners in India are paid in rupees; partners in every other country in US dollars, converted at the rate on the payout date.

WHAT YOU COULD EARN

Four partners.
Four worked examples.

Each example assumes the same number of new students every month, all staying past the refund window. Indian students pay in three EMIs, so payouts build over three months. International students pay once, so payouts are full from month one.

A STUDENT PARTNER

2 students a month

2 on Data Engineering or Data Analytics

Month 1	₹2,000
Month 2	₹4,000
Month 3 onwards	₹6,000
12 months of referrals	**₹72,000**

A CONTENT CREATOR

10 students a month

8 on ₹30,000 courses + 2 on FDE

Month 1	₹13,000
Month 2	₹26,000
Month 3 onwards	₹39,000
12 months of referrals	**₹4,68,000**

A TRAINING INSTITUTE

25 students a month

20 on ₹30,000 courses + 5 on FDE

Month 1	₹32,500
Month 2	₹65,000
Month 3 onwards	₹97,500
12 months of referrals	**₹11,70,000**

Illustrations of the arithmetic, not a promise of earnings. Your commission depends on how many students you refer, enrol and stay past the refund window.

A GLOBAL CREATOR · STUDENTS OUTSIDE INDIA

10 students a month

8 on USD 600 courses + 2 on FDE (USD 900) · one payment each

Month 1 onwards	USD 660
12 months of referrals	**USD 7,920**

The formula

`training fee × 10%`

India: ₹30,000 → ₹3,000 · ₹75,000 → ₹7,500
Outside India: USD 600 → USD 60 · USD 900 → USD 90
Indian EMIs: month 1 is a third of the monthly total, month 2 two-thirds.

PAYOUT RULES, IN ONE PLACE

- 10% of each training-fee payment, never the placement fee
- Paid on the 1st, after the payment clears the 30-day refund window
- EMIs earn separately, as each one is paid
- In rupees for partners in India, US dollars everywhere else, at the rate on the payout date

PARTNER RULES

Recommend us the way we sell ourselves.

BrowseJobs is built on radical honesty, and a partner speaks for us. These rules are part of the partner agreement. A partner who breaks them is removed, and commission on misrepresented enrolments is not paid.

ALWAYS

- ✓ Say clearly that nobody can guarantee a job — the market decides
- ✓ Point students to the three free steps first
- ✓ Use the published fees, EMI options and the 30-day guarantee as written
- ✓ Tell students they pay BrowseJobs directly
- ✓ Creators: disclose that you are a paid BrowseJobs partner

NEVER

- ✗ Promise a job, a placement, a salary or a shortcut
- ✗ Say "guaranteed job", "100% placement" or "assured placement"
- ✗ Collect course fees, deposits or "seat-booking" money
- ✗ Offer to fake experience or adjust a CV
- ✗ Pressure anyone to pay before the free steps

WHAT TO SAY — AND WHAT NOT TO

SITUATION	DON'T SAY	SAY
"Will I get a job?"	"100% placement, guaranteed."	"Nobody can guarantee that. You get training, mocks, a 3,000+ HR network and alumni referrals."
"What does it cost?"	"It's free until you're hired."	"In India, ₹30,000 to enrol (₹75,000 for FDE), in EMIs if you like; the placement fee comes only after an offer. Outside India, one fee of USD 600 (USD 900 for FDE)."
"What if I don't like it?"	"Don't worry, it's great."	"There's a 30-day money-back guarantee, any reason, in writing."
"How much will I earn?"	"₹10 LPA minimum."	"That depends on your profile and the market. Check the salary pages and job posts yourself."
"Should I pay you?"	"Pay me and I'll book your seat."	"No — you only ever pay BrowseJobs, and only after the free steps."

WHY THIS PROTECTS YOU

Every BrowseJobs counselling call is recorded and AI-monitored. If a student was promised something we don't offer, we will find out — and so will they. Honest referrals are the ones that enrol, stay past the refund window, and pay you every month.

QUESTIONS, ANSWERED PLAINLY

Before you sign up.

Is there a fee to become a partner?

No. Registration is free, and there is no minimum number of referrals.

When exactly am I paid?

On the 1st of the month, for every payment that has cleared the student's 30-day refund window by then.

Do I earn on the placement fee?

No. The program covers training fees only. The placement fee Indian students pay after an offer is excluded. International students have no placement fee.

What if the student pays in EMIs?

Each EMI earns its own 10% when it is paid. On a ₹30,000 course that is ₹1,000 a month for three months.

What if the student asks for a refund?

A refunded payment earns no commission. Because we wait for the refund window, nothing is ever clawed back.

Which courses count?

Forward Deployed Engineer, Data Engineering, Data Analytics and Agentic AI.

Can I join from outside India?

Yes — the program is global. You are paid in US dollars, at the rate on the payout date, and you can refer students in any country.

How are referrals tracked?

Through your account on the partner portal. Make sure every student you refer is linked to it before they enrol.
