Channel Partner Program

Recommend careers. Earn 10%.

Refer people anywhere in the world to BrowseJobs. Earn 10% of every training-fee payment they make, paid on the 1st of every month, in rupees or US dollars.

Apply at browsejobs.ai/channel-partner

No fee to join

10%
of every training-fee payment

1st
of every month, paid out

₹7,500
/ USD 90
per FDE student

₹3,000
/ USD 60
per Data & AI student

The commission

10% of every payment. Worldwide.

Training fees only. Every EMI earns its own 10%. Paid on the 1st, after the refund window.

01

Partners anywhere in the world earn 10% of every training-fee payment a referred student makes to BrowseJobs.

02

Training fees only. The placement (deployment) fee Indian students pay after an offer is never part of the commission.

03

Students in India pay in rupees, in full or in 3 EMIs, and each EMI earns its own 10%. Students outside India pay one fee in US dollars.

04

Paid on the 1st of the month, after that payment has cleared the student's 30-day refund window.

05

Partners in India are paid in rupees. Partners everywhere else are paid in US dollars, at the rate on the payout date.

06

Students always pay BrowseJobs directly. A partner never collects course fees.

COURSE	INDIA FEE	YOU EARN	PER EMI	INTERNATIONAL	YOU EARN
Forward Deployed Engineer	₹75,000	₹7,500	3 × ₹2,500	USD 900	USD 90
Data Engineering	₹30,000	₹3,000	3 × ₹1,000	USD 600	USD 60
Data Analytics	₹30,000	₹3,000	3 × ₹1,000	USD 600	USD 60
Agentic AI	₹30,000	₹3,000	3 × ₹1,000	USD 600	USD 60

INDIA · 3 EMIS

₹1,000 a month, three months running.

A student joins Data Engineering and pays ₹30,000 in three EMIs of ₹10,000. You are paid ₹3,000 in all.

OUTSIDE INDIA · ONE PAYMENT

USD 90 in one payout.

A student in Nairobi joins Forward Deployed Engineer and pays USD 900 once. No EMIs and no placement fee abroad.

What referrals could earn

Four partners. Four worked examples.

The same number of new students joins every month. Indian students pay in 3 EMIs, so payouts build over the first three months.

STUDENT · INDIA

Refers 2 friends a month to Data Engineering.

₹6,000

a month, from month 3

Month 1	Month 2	Month 3+
₹2,000	₹4,000	₹6,000

12 months of referrals **₹72,000**

CONTENT CREATOR · INDIA

8 Data & AI students and 2 FDE students a month.

₹39,000

a month, from month 3

Month 1	Month 2	Month 3+
₹13,000	₹26,000	₹39,000

12 months of referrals **₹4,68,000**

INSTITUTE · INDIA

20 Data & AI students and 5 FDE students a month.

₹97,500

a month, from month 3

Month 1	Month 2	Month 3+
₹32,500	₹65,000	₹97,500

12 months of referrals **₹11,70,000**

CREATOR · OUTSIDE INDIA

8 Data & AI students and 2 FDE students a month.

USD 660

a month, from month 1

8 × USD 60	2 × USD 90	One payment
USD 480	USD 180	No EMIs

12 months of referrals **USD 7,920**

An illustration of the arithmetic, not a promise of earnings. It assumes every referred student enrols and stays past the 30-day refund window. Try your own numbers at browsejobs.ai/channel-partner.

Who you put your name behind

AI-first skilling. Since 2013.

Registered in the UK and India. Established in London in 2013, in Bengaluru since 2020, and teaching trainees around the world live online.

2,683
students placed in 3 years (to Oct 2026)

4.9

Google reviews

4.9 from 473+ Google reviews (as of 8 Oct 2026)

Word for word from the BrowseJobs Google Business Profile.

★★★★★

"One of his biggest strengths is his understanding of the current job market and what employers are looking for. More importantly, he has a genuine interest in helping his students succeed."

Pavan S
Google review · Data Engineering

★★★★★

"The course is well structured and covers important topics like Python, SQL, Pandas, data cleaning, transformation, and cloud concepts with practical examples and project-based learning."

Dikshita nulageri
Google review · Data Engineering

★★★★★

"I also appreciated the opportunity to attend free masterclasses for two weeks before enrolling, which reflected the institute's confidence in the quality of its training and helped me make an informed decision."

Chirag Puthran
Google review

★★★★★

"The team regularly shared useful interview questions, preparation materials, and provided quick responses whenever we had queries or required guidance."

varalakshmi Dakarapu
Google review · Data Engineering

★★★★★

"The curriculum was well-structured and covered both fundamental and advanced concepts with practical examples, making it easier to understand real-world Data Engineering workflows."

Charan Kumar M
Google review · Data Engineering

★★★★★

"The way Krish Sir explains complex topics through real-life stories makes them easy to understand and remember."

SHUBHAM SINDHU
Google review

Excerpts, captured 8 Oct 2026. The rating is for the BrowseJobs business listing, not a single course. Read every review on Google.

Who can join

Anyone. Anywhere.

No joining fee and no target. If people ask you about data and AI careers, you qualify.

Businesses

Colleges, coaching centres, training institutes, IT consultancies and staffing firms.

Content creators

YouTube, Instagram, LinkedIn and Telegram creators in tech, careers and education.

Students

Recommend BrowseJobs to classmates and friends looking for a switch into IT.

Individuals

Professionals, trainers, mentors and alumni who are asked for career advice.

What your students get

A course. And every door we can open.

Nobody can guarantee a job — the market decides. What we put in writing is the access below.

The full platform

Live classes, recordings, the AI tutor, labs and graded projects.

Interview preparation

Weekly technical and HR mocks, the AI Voice Mock Lab and a live question bank.

3,000+ HR network

A 75%+ AI interview score sends the CV to 3,000+ recruiters.

Communication classes

A scored module, included in the fee.

CV and LinkedIn

An ATS-ready CV and a recruiter-ready LinkedIn profile. Never fabricated.

Referrals

Direct vendors and client partners.

3,000

A 75%+ AI interview score sends your CV to 3,000 HR recruiters

98%

success rate among students who attend interviews

Based on BrowseJobs internal data. Historical figures — not a promise of individual outcome. Hiring depends on the live market and your performance.

How it works

Sign up to payout in five steps.

1

Register

Apply at browsejobs.ai/channel-partner, then create your partner account.

2

Share

Recommend BrowseJobs to people who want a data or AI career.

3

Free steps

The student tries counselling, the masterclass and the bootcamp, free.

4

Enrol

The student pays BrowseJobs directly, in full or in EMIs.

5

Get paid

10% of each payment, on the 1st, in ₹ or USD.

PARTNER RULES · ALWAYS

- ✓ Say that nobody can guarantee a job — the market decides.
- ✓ Point students to the three free steps first.
- ✓ Use the published fee: ₹30,000 registration, then pay after placement equal to 3 months of CTC in EMIs. A job is not guaranteed.
- ✓ Creators: say you are a paid BrowseJobs partner.

PARTNER RULES · NEVER

- ✕ Promise a job, a placement, a salary or a shortcut.
- ✕ Collect course fees, deposits or seat money.
- ✕ Offer to fake experience or adjust a CV.
- ✕ Pressure anyone to pay before the free steps.

SAY THIS	NOT THIS
“Nobody can guarantee a job. BrowseJobs puts its process in writing.”	“You will definitely get placed.”
“Start with the free masterclass and the free bootcamp.”	“Pay today or lose your seat.”
“A 75%+ AI interview score sends your CV to 3,000+ recruiters.”	“You will earn a fixed salary after the course.”
“₹30,000 registration, then pay after placement equal to 3 months of CTC in EMIs. A job is not guaranteed.”	“We can add experience to your CV.”

Partners who break these rules are removed, and commission on misrepresented enrolments is not paid.
